PROFILE

My name is Eugene Paul Ogutu and I love and aspire to be one of the greatest artist. I come from a humble bacround, in a family of two. From a very young age i've always involved myself with art and i've constanty been growing my skills since then. I feel like ive grown my skills even more with my graphic design skills. I like to see smiles on people faces with my and also making people around me get excited.

WORK EXPERIENCE

■ INTERNSHIP

AFRICA DIGITAL MEDIA INSTITUTE_2022

Being at Africa Digital Media Institute(ADMI) has helped me in a number of ways, most importantly my communication skills. This came as a result of us having to do our projects in a team setting. Furthermore, this also improved my abilities to work in a team as well as working without need for supervision.''
